

How to redeem an International Reply Coupon (IRC) ?

1

Please visit a branch of your state postal operator. Present the IRC and the addressed envelope.

2

Ask the postal worker to exchange the IRC for a postage stamp.

IRCs are exchangeable for the minimum postage for an unregistered priority letter-post item or airmail letter sent to a foreign country. It's an official product of the Universal Postal Union (UPU).

3

The postal worker should stamp the coupon in the right circle field and forward it to the internal clearing.
